Standard Currency Exchange Spread

Less than 1% of the Wholesale Rate*

* If you ask us and we agree to conduct a Currency Exchange for you (such as when you add or withdraw funds from your account), we will convert the funds by calculating a Customer Exchange Rate. This rate is based on the application of our Spread to the prevailing Wholesale Rate and decreases with higher U.S. dollar transaction equivalents being exchanged, as follows:

Amount of Currency Exchange	Spread
≤ \$99,999.99	0.75%
\$100,000–\$399,999.99	0.50%
\$400,000–\$749,999.99	0.375%
≥ \$750,000	0.25%

Quoted Spreads may be greater than 1% and apply in cases where you ask us and we agree to permit you to “lock in” your rate in advance of your otherwise applicable Pricing Date. How we determine your Customer Exchange Rate is further described in the WorldCurrency Account Terms and Conditions in Section 6 of the Booklet. The specific conversion rate that you will receive for any currency exchange is not published in any newspaper, website or other publicly available source.

Other WorldCurrency Account Fees. As indicated below and described in more detail in the WorldCurrency Account Terms and Conditions in Section 6 of the Booklet, we may charge monthly maintenance fees on WorldCurrency Access Accounts. We do not charge monthly maintenance fees on WorldCurrency CD or CD Basket Accounts. Cash Management Accounts are U.S. dollar-denominated deposit accounts used to support the opening of WorldCurrency accounts as more fully described in Section 6 of the Booklet.
